

ANTI RUST 1 A

Product code: 265200101

Oil based rust preventative

This product is a general high-quality oil-based rust preventative which forms an oily film that gives long term protection to ferrous and non-ferrous metals.

It is designed for applications where protection is required during indoor storage for periods of three to six months.

Typical applications are:

- Protection of finished machine components prior to packaging.
- Steel sheets, profiles and rolled strips.
- Industrial motors. Car and Truck engines.
- Inter-operational protection of finished machined or ground metal surfaces such as valves, rollers and fasteners.

Typical Performance Data

Typical	Test Method	Value
Appearance		Light brown
Specific gravity @ 20 °C, gr/cm ³		0.86
Viscosity @ 40 °C, cS		20-23
Flash point, °C		180
Type of film		Oily

All performance data on this Technical Data Sheet are indicative only and can vary during production.

Use

Can be applied by brushing, dipping or spraying. Like all thixotropic products, longer periods of storage can cause some precipitation. It is recommended agitate prior to use and empty drums totally. Removal by solvents or alkaline cleaners.
