## Product code: 266101101

## Biodegradable stern tube lubricant

This lubricants is a high performance emulsifying biodegradable oil based on synthetic esters, developed primarily for use in stern tubes and bearings where water ingress may occur.
The product meets the criteria in the US Coastguard Vessel General Permit (VGP) definitions for biodegradable, minimally -toxic and non-bio accumulative published by the US EPA in March 2013.

## Benefits \& Advantages

- Very high viscosity index
- Biodegradable \& non - toxic
- Excellent wear protection
- Excellent corrosion protection
- Superior level of lubrication even when water ingress occurs
- Miscible with conventional mineral oils
- Meets CEC-L-33-T-93

## Applications

This stern tube oil is intended as drop-in replacements for conventional mineral oils in equipment where there is a risk of accidental spillage or leakage and consequential environmental damage. Next to stern tubes, this product also suited for the application in reduction gear, thruster, spur, couplings and helical and planetary gear units.

## Typical Performance Data

| Typical | Test Method | Value |
| :--- | :--- | :---: |
| Density @ $20^{\circ} \mathrm{C}, \mathrm{g} / \mathrm{m}^{3}$ | ISO 3675 | 0.93 |
| Viscosity @ $40^{\circ} \mathrm{C}, \mathrm{cSt}$ | ISO 3104 | 150 |
| Viscosity @ $100^{\circ} \mathrm{C}, \mathrm{cSt}$ | ISO 3104 | 21 |
| Viscosity Index | ASTM D2270 | 130 |
| Pour point, ${ }^{\circ} \mathrm{C}$ | ASTM D97 | -30 |
| Flash point, ${ }^{\circ} \mathrm{C}$ | ASTM D93 | 260 |
| Steel Corrosion Sea Water | ASTM 665 | Pass |
| TOST test, h | ASTM D-943 | $>600$ |

All performance data on this Technical Data Sheet are indicative only and can vary during production.

## Acute Toxicity

| LC50 $(96 \mathrm{~h})>10000 \mathrm{mg} / \mathrm{l}$ | OECD 203 |
| :--- | :---: |
| EL50 $(15 \mathrm{~d})>2570 \mathrm{mg} / \mathrm{l}$ | (Daphnia) OECD 202 part 2 |
| EC50 $(3 \mathrm{~h})>10000 \mathrm{mg} / \mathrm{l}$ | OECD 209 |
