

# FDX 59

Product code: 265406801

## Stamping and forming fluid

This product is a forming oil specially formulated for fine blanking of metals up to 12 mm thickness. Thanks to its EP additives it assures longer life of tools and dies.

## Benefits & Advantages

- Avoids contact between piece and die
- Easy to apply
- Less defect in pieces
- Minimum wear in tools
- High film strength
- Better piece finishing

## Applications

It is suitable for conventional cutting, magnetic strips cutting and fine blanking.

It is also recommended for household and automotive components.

The product may be applied pure with brush, cloth or with a similar application tool.

## Typical Performance Data

Typical	Value
Colour	Yellow liquid
Density @ 20 °C, gr/ml	0.93
Viscosity @ 40 °C, cSt	10-12
Flash point, °C	110
Pour point, °C	-5
Copper corrosion	4c
